

**Remarks**

Claim1 has been amended. Claim 5 has been added.

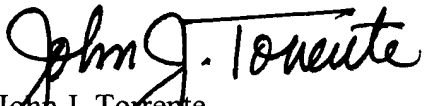

The amendment to claim 1 is believed to clarify the claim in deleting an unnecessary phrase. Added claim 5 parallels amended claim 1, but more generally claims the driving unit of the camera. The claims, as amended, are believe to be allowable

Accordingly, reconsideration of the claims and passage of same and this application to issue is respectfully requested.

Dated: May 4, 2005
